

## VR16 HOG RINGS from Rapid

Rapid's high quality hog rings are an effective solution when fastening chain-link mesh fencing on the tensile wire.

The VR16 hog rings are suitable for use with closing diameter from 2 to 8 mm. Ideal for pet protection like barnyard, pasture, breeding, securing garden or for terrace screens.

The VR16 hog rings are galvanized and also available in green plastic coated finish, for discreet fixing of coloured fencing.

Little trick : you can use hog rings for plastic bags closing (trash bags)

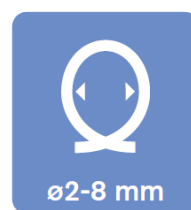

### Features:

- Work with fence pliers FP216 & FP20
- Hog ring closing diameter from 2mm to 8mm
- Corrosion resistance for longer lasting life
- Packed in blister of 400 or 1390 or cardboard box of 3190.

### Specifications:

- Finish ..... Galvanized or Green PET coating
- Hardness ..... High Performance
- Strip of staples ..... 50 staples
